

Track, Process and Fill – Safely, Swiftly and Accurately

With Zebra’s Purpose-built Portfolio for Laboratory and Pharmacy

Your workday is demanding. Safety and accuracy are critical. You don’t have time for repeat tasks like scanning barcodes more than once or troubleshooting device issues. When they don’t properly perform, neither can you. Depend on Zebra’s proven, integrated laboratory and pharmacy solutions – including healthcare mobile computers, printers and scanners, along with quality supplies and first-class service. They work best together, to make your workday easier.

Make it Simple. One Brand, One Vendor, One Solution

For all your technology, service and support needs.

Zebra healthcare printers and scanners are purpose-built for your environment to help you track every step of the process and deliver the highest level of patient safety. Select Zebra Certified Supplies to print labels that last longer, won’t smudge, withstand chemicals and conditions – and also protect the life of your printhead. Ensure those labels scan the first time – especially on curved or flexible surfaces – by pairing with a Zebra scanner. Protected by Zebra OneCare™, you’re covered with service from the source. Be free to focus on your work with Zebra at your side.

Create the solution that works with you:

 Built-in intelligence		Accurately track laboratory samples 
 Disinfectant ready		Correctly dispense prescriptions 
 Made for healthcare		Access vital information 
 Increase productivity		Ensure patient safety 
 Easy integration and management		Protected by Zebra OneCare™

OPI offers many laboratory and pharmacy solutions, designed to match your specific needs.
